

Digital Marketing Co-Op Program

Your Success is Our First Priority

Thank you for being a valued partner of Mountain Life Insurance. In the interest of building an even stronger bond and helping your agency achieve even more success in 2020 and beyond, we are proud to introduce to you our new Digital Marketing Co-Op Program. Because we recognize that having a solid website and internet presence is a must for insurance agencies today, we've partnered with Titan Digital. They are a leading provider of website, search and social media marketing services specifically customized for independent insurance agencies across the country.

How the Co-Op Program Works

Opting-In

First, your agency must choose one of the four plans that Titan Digital offers. Because your agency is a Mountain Life Insurance partner, Titan has agreed to reduce their normal setup fee for each plan by \$100. Upon signing Titan's proposal your agency will be considered having opted into the program and will be able to start accumulating Co-Op dollars. Titan will also at that time report your opt-in to the program and the plan chosen to Mountain Life. Plans can be changed at anytime, with such changes also being reported to Mountain Life.

Accumulation of Co-Op Dollars

Unlike most co-op marketing programs that are based on total premium written, we've tried to keep this simple and easy to achieve. We want a win-win for us both. Just have 1 Life Application issued per month and we'll pay for your website on the Develop Plan. So the co-op reimbursement to the agencies is determined by the number of insurance policies sold and issued, which is tracked by Mountain Life Insurance. We'll begin tracking policies as soon as you've opted into the program, and applications issued are cumulative (so if you have 12 apps issued by August, you are considered qualified for the entire year under Option 1, etc). This way while you go through the setup process with Titan you can still bank some early co-op dollars with any issued applications. Co-Op dollars can only be applied to the cost of the plan you choose and not any additional services.

Reimbursement will work as follows per month:

- One Issued Application Per Month = **\$95 Reimbursement for Develop Plan**
- Two Issued Applications Per Month = **\$225 Reimbursement for Grow Plan with Social**
- Three Issued Applications Per Month = **\$325 Reimbursement for Grow Plan with Local**
- Four Issued Applications Per Month = **\$425 Reimbursement for Accelerate Plan**

You pick the plan and then Mountain Life will credit you accordingly. (So, if you want the Grow with Social Plan, just have 2 issued Mountain Life policies per month and we'll pick up the tab. If you are in the Grow with Social Plan and issue 3 or more policies in a month, we will credit/bank those applications for you for future months.)

Payment to Titan and Mountain Life Reimbursement to Your Agency

Your agency is responsible for making payments directly to Titan Digital for services. Additional marketing add-ons to your plan may also be purchased from Titan, but the cost is solely your responsibility. Besides the initial setup fee, Titan will not charge your monthly plan fee until your new website is live. Once your new website is live, Mountain Life Insurance will begin your reimbursements directly to your agency the following month based on qualification.

Digital Marketing Plans
